WSCS Statement Of Faith

The corporation, as well as, all instruction given in its school or schools is based on the doctrines revealed in the inspired, infallible Word of God as expressed in the following Statement of Faith:

- 1. We believe that there is one God, eternally existing in three persons: Father, Son, and Holy Spirit.*
- 2. We believe that God, out of nothing, created all things, and that He continues to preserve and uphold His creation by His almighty providence.*
- 3. We believe in the humanity and the deity of Jesus Christ, in His virgin birth, in His sinless life, in His miracles, in His vicarious and atoning death on the cross, in the washing away of our sins by His shed blood, in His bodily resurrection, in His ascension to the right hand of the Father, and His personal return in power and glory at the last day.*
- 4. We believe that salvation of lost and sinful man can be realized only by a personal faith in Jesus Christ and by regeneration through the Holy Spirit.*
- 5. We believe in the present work of the Holy Spirit by whose indwelling power the Christian is enabled to live a godly life.*
- 6. We believe in the bodily resurrection of both the saved and the lost; they that are saved unto the resurrection of life in God's Kingdom, and they that are lost unto eternal damnation.*
- 7. We believe in the spiritual unity of all believers in the Lord Jesus Christ, the visible sign of which is His universal church.*

Philosophy of Education

The educational philosophy of WSCS is that a child should be taught how to live a full and complete life to the glory of God, and that they should be a positive Christian influence in their world. This education must take into consideration the entire child's needs - physical, social, academic, and spiritual. Christian education, having its foundation in the Creator-creature relationship taught in the Scriptures, seeks to train a child in each of these four areas. WSCS believe that since God created and sustains everything through His son, Jesus Christ, the world and life are a revelation of Him. Therefore, all areas of learning must be taught from a Christian perspective, and with full recognition that God is the author of all knowledge and truth. Man, however, is a sinner by nature and by choice, and cannot, in his natural state, glorify God. Man must be re-created in God's image by committing his life to Jesus Christ as Savior and Lord. The whole scope of our educational process seeks to bring the child to this understanding. According to the scriptures, the education of the child is the direct responsibility of the parents. WSCS seeks to complement the training of the home and church, and recognizes that it cannot replace either, but does its best work when supported by both.
